I didn't want to be tied down. But now I want to be tied up.

Most people can visit their mothers without having to set a guard at each entrance. But most people aren't a Surreal Sister (for which they should be grateful). I haven't seen mom since the Great Naked Wedding Debacle last summer, but now I need her help. The family curse dictates that we can't have more than one encounter with the same partner, but I need answers to my questions--Is the curse real? Does it matter that my partner is a **werepanther**?

And as for that **hot alpha shifter** boyfriend...Is he willing to risk the curse to **show me the ropes** again? Even once he finds out he's kinda, sorta my **stepbrother**? And more importantly, will I get to see him shift? Am I willing to pay the price?
