The Dalit Quest: Towards Wholeness from Brokenness: Historical Analysis and Theological Response

Dionysius Rasquinha

The book is appropriately titled The Dalit Quest. No doubt, it (Dion's Quest for 25 years) is a well-documented journey with the dalits from Brokenness to Wholeness. It traces the path of historical analysis towards theological response. The dalit insight of underscoring the significance of the ultimacy of the divine-in-the-human and the human-in-the-divine is articulately brought forth through his simple and captivating style of writing. One looks forward to and expects more of such works of creative consolidation both from the desk of this professor of theology and of his students.
