Just Say Yes Alyssa Goodnight

Turn up the heat with a bit of magic...only from Select Contemporary!

He's just what she needs...

Single mom Jade Moran isn't ready for any big changes in either her horrible '70s kitchen or her romantic life. Her ex did a number on her, and she isn't interested in getting hurt again. But when she meets a super-hot contractor, she wonders if avocado appliances are on the way out and romance is on the way in.

Max Gianopoulos doesn't have a clue why he's so enchanted by Jade. She's almost as big a mess as her kitchen, and he's a guy who likes to keep things simple. He let himself get involved with a previous client, and he's not interested in repeating the experience. But Jade has turned up the flirty heat - and he can't keep his hands off her.

With everything moving too fast and coming too easy, Jade's insecurities kick into high gear. She's not sure she can trust another man again - and she definitely doesn't believe in magic.

From reader reviews:

Mary Clark:

Do you have favorite book? When you have, what is your favorite's book? Reserve is very important thing for us to know everything in the world. Each reserve has different aim or perhaps goal; it means that guide has different type. Some people truly feel enjoy to spend their the perfect time to read a book. They are really reading whatever they take because their hobby is definitely reading a book. Why not the person who don't like reading through a book? Sometime, individual feel need book whenever they found difficult problem or exercise. Well, probably you will want this Just Say Yes.

James Kostka:

What do you consider book? It is just for students because they are still students or this for all people in the world, what best subject for that? Just simply you can be answered for that issue above. Every person has distinct personality and hobby for every single other. Don't to be pressured someone or something that they don't wish do that. You must know how great along with important the book Just Say Yes. All type of book can you see on many options. You can look for the internet solutions or other social media.

Teresa Sullivan:

This Just Say Yes is brand-new way for you who has attention to look for some information since it relief your hunger info. Getting deeper you in it getting knowledge more you know otherwise you who still having bit of digest in reading this Just Say Yes can be the light food for yourself because the information inside this particular book is easy to get by means of anyone. These books produce itself in the form which can be reachable by anyone, yep I mean in the e-book contact form. People who think that in book form make them feel sleepy even dizzy this book is the answer. So there is not any in reading a guide especially this one. You can find what you are looking for. It should be here for anyone. So , don't miss the idea! Just read this e-book kind for your better life in addition to knowledge.

Becky Duncan:

Do you like reading a guide? Confuse to looking for your favorite book? Or your book had been rare? Why so many query for the book? But almost any people feel that they enjoy intended for reading. Some people likes looking at, not only science book but in addition novel and Just Say Yes or even others sources were given expertise for you. After you know how the great a book, you feel wish to read more and more. Science reserve was created for teacher as well as students especially. Those books are helping them to bring their knowledge. In other case, beside science publication, any other book likes Just Say Yes to make your spare time a lot more colorful. Many types of book like here.
