The Prostate Exam: An Erotic Tale

Excerpt:

“Just try to relax,” Dr. Brown said with a soft, reassuring voice. “It’s going to feel a little cold. I need you to bend over more, and spread your legs a little wider.”

As she spoke, she placed a hand gently on my backside. It wasn’t a sexual thing. She was just being nurturing, and I think she empathized with my embarrassment. I’m sure she was trying to relax me, but it wasn’t working.

I leaned over the table more. I spread my legs as wide as they would go, but the clothes wrapped around my ankles restricted my range. I did the best I could given the circumstances.

Description:

An examining room belonging to Dr. Jennifer Brown is the setting for this erotic tale from Lance Mayhem.

Mr. Mayhem draws from real-life erotic doctor exams to weave a very hot sex story that will leave the reader spellbound. After reading this, you may never see a male physician again.

About the Author:

I’ve always enjoyed writing for fun, but a recent visit to a female urologist motivated me to create a series of erotic sex stories. The stories I tell are based on actual events that happened to either myself or other patients (I changed names to protect anonymity).

I had a lot of fear and trepidation about what would happen during my medical exam. After a little research, I discovered I wasn’t the only man with those concerns. Lots of men have them.

I wrote this short story to help men deal with the fear and the embarrassment they may feel when visiting a female Doctor. I've learned these feelings are perfectly natural, but are largely unwarranted. My hope is that my readers will come away with a more positive attitude towards their doctor while having a bit of fun at the same time.

My medical exam turned out great, and it even improved my sex life. I hope you enjoy reading my work while embracing it in the spirit it was intended.

Take care,
Lance Mayhem
