Handbook of Production Scheduling (International Series in Operations Research & Management Science)

Handbook of Production Scheduling (International Series in Operations Research & Management Science)

This book concentrates on real-world production scheduling in factories and industrial settings. It includes industry case studies that use innovative techniques as well as academic research results that can be used to improve production scheduling. Its purpose is to present scheduling principles, advanced tools, and examples of innovative scheduling systems to persons who could use this information to improve their own production scheduling.
