Well, I blogged recently about how I woke up one morning thinking Moses was taking me in the spooning position, only to find out, and let me just say it was a lovely surprise, that my husband was actually standing in front of me wanking as a well blessed half-caste hunk took me from behind. This might sound a bit like non-consensual sex, but nothing could be further from the truth, I wanted this, I really needed this, and so I thought for the second of my 'How to....' sex guides.

I would give you the do's and dont's of springing a sexy surprise like this on your loved one. It has actually helped with my writers block too, I love writing both erotic fiction and fact, this one is fact, and as they say, it is easier to write what you know about. I know about being woken up with a lovely strangers hard cock in me and my man getting really turned on beside me watching.
