—Mark Greaney, #1 *NYT Bestselling Coauthor of Command Authority*, by Tom Clancy with Mark Greaney.

“There are few authors who have as deep an understanding of the shadowy world of global special operations as Stephen Templin. And there are fewer still who can synthesize that knowledge into a thrilling narrative so deftly. In *Trident's First Gleaming*, Stephen weaves a tale that reflects today's complicated reality, where motives and allegiances are rarely black and white and there are no easy answers. Even more impressively, he manages to do this while still bringing plenty of visceral gunfights and car chases.”

—Chris Martin, *Bestselling Author of Beyond Neptune Spear and Shaping the World from the Shadows*
