Advanced Qualitative Research for Nursing

Advanced Qualitative Research for Nursing

This collection presents up-to-the-minute qualitative research methodologies creatively developed by and within nursing. The book is written by authors at the forefront of their fields. It is aimed at enabling people to research critical issues for nursing practice and health care.

Nurses face the imperative for practice grounded in research-based evidence. The book demonstrates how qualitative methodologies can produce rigorous and valid research. Drawing on empirical data each chapter introduces a particular contemporary approach; examines the literature in its field; discusses its relevance for nursing and health care; and explains what claims to knowledge can be made.
