Being a Madame is no easy job...

I guard privacy and secrets with my own life, and I've never slipped up or got caught, not once.

I don't do long-term relationships, there's too much at stake, but there's something about the man I just met, something that makes me uneasy. I try to push him away, but he won't take no for an answer...

I'm just not sure if the red flags I'm currently seeing are real or just another Illusion...

Note: This novella is a free prequel to the full-length standalone Mirage, that will be released on June 22nd. This novella will be included in the full-length novel once it is released. You can read it first as a free download or as a part of the novel once released.
