Jonas Flash Chronicles: Book One Stormdragon (An epic fantasy adventure)

Dragons are more fun than Algebra. And epic battle scenes are easier to manipulate than the arguments in Jonas's kitchen. In real life, Jonas's sister Emma babbles nonsense from her wheelchair. But in Jonas's world, she is the moonstone bearer and the only person capable of restoring the Stormdragons to power. He weaves a tale of jarring action, fascinating creatures, heart-pounding battles, and loveable characters that may be just what he needs to save his sister and his family.

Master storyteller, Heather Choate, unleashes avalanches of adrenaline and adventure in a story that will grip reader's hearts. *Jonas Flash Chronicles: Stormdragon isn't one you want to miss!*

“Wicked Novel! The story starts off with a bang, and runs screaming onwards from there! The plot is full of twists and turns which I didn't see coming. This one is a real page turner - once you start you can't put it down.” - *Kasey Barker*

“Heather has masterfully and skillfully weaved the imagery of an entirely new kind of world, rich with entrancing and vivid details and an awesome plot. Every time a chapter ends, I absolutely had to find out what happens next. With just the right mixture of emotional drama, action, and a story that sucks you in with every change of scene, I am beyond anxious and excited to find out how the sequel turns out. If someone makes a movie out of this, I will be at the theater hours before the box office opens to get the best seat. If you liked Hunger Games, Harry Potter or the Mortal Instruments

series, this is just as unique, exciting, and original if not more!” — *Thepulsiphyer*
