Chloe was studying business in college and she worked as a tutor to make up the gap in her tuition. Most of the time she tutored jocks to get their grades high enough to keep them playing in the sport they were in. She liked the tutoring, but Chloe had a few students that wanted more than just a lesson in math. After she had an affair with one of the football players and a tape started to circulate, she found herself unable to date without it coming up to haunt her.

While looking for a few more students to finish paying her tuition, Chloe got assigned the school's hockey star that needed help with one of his classes. Chloe had a crush on him since she had started her freshman year and she thought maybe fate had a hand in their meeting. It was only when she realized he didn't need that kind of help at all that she realized he was not looking for a tutor, but something more.

Nick had his own secrets and when he saw the tape made of Chloe, he knew she was the one for him. All he had to do was convince her of it. The two had history and he was determined to make her feel the same way as he did. Will Chloe be able to trust him and give him another chance or will she never know the truth of who he really is?
