How in the world did fear ever become so popular, especially when it never should have existed in the first place? Why were we put here to do what we want, if we end up being too afraid to do it? For some who read FEAR AIN'T ALL THAT, learning to exist without fear is an option. For twelve-year old Miguel Estes, it's a necessity. "The longer you keep your To Do list, the longer you'll have to hang around to get everything done," says Miguel's Aunt Shirley. Through his insightful aunt, through his dreams about his brother Jorge in heaven, and through the challenging lessons he's chosen to learn, Miguel is able to eliminate nearly every fear within him—all that's left is his mighty power of belief. In the end, Miguel is the ultimate victor; he realizes he's living life the way it was meant to be lived. without fear.
