A New Concept of the Universe

Walter Russell

A New Concept of the Universe Walter Russell

A brief treatise on the Russell Cosmogony, with its new concept of Light, Matter, Energy, Electricity and Magnetism. This is a simple yet complete, consistent and workable cosmogony which wil enable future scientists to visualize the universe as One Whole, and will open the door to the new age of transmutation.

From reader reviews:

Jerry Gunnell:

Nowadays reading books be a little more than want or need but also become a life style. This reading practice give you lot of advantages. Advantages you got of course the knowledge your information inside the book that will improve your knowledge and information. The knowledge you get based on what kind of book you read, if you want send more knowledge just go with education books but if you want truly feel happy read one together with theme for entertaining for instance comic or novel. The A New Concept of the Universe is kind of book which is giving the reader unforeseen experience.

Margaret Holt:

Playing with family in a very park, coming to see the water world or hanging out with close friends is thing that usually you will have done when you have spare time, then why you don't try point that really opposite from that. 1 activity that make you not sensation tired but still relaxing, trilling like on roller coaster you have been ride on and with addition associated with. Even you love A New Concept of the Universe, it is possible to enjoy both. It is good combination right, you still need to miss it? What kind of hang type is it? Oh come on its mind hangout folks. What? Still don't get it, oh come on its named reading friends.

Jose Pina:

Reading a book to become new life style in this yr; every people loves to study a book. When you examine a book you can get a lot of benefit. When you read textbooks, you can improve your knowledge, since book has a lot of information in it. The information that you will get depend on what sorts of book that you have read. If you would like get information about your review, you can read education books, but if you want to entertain yourself you can read a fiction books, such us novel, comics, and soon. The A New Concept of the Universe provide you with a new experience in examining a book.

Denise Wentzel:

As a college student exactly feel bored to reading. If their teacher inquired them to go to the library or even make summary for some publication, they are complained. Just small students that has reading's heart and soul or real their pastime. They just do what the instructor want, like asked to go to the library. They go to at this time there but nothing reading very seriously. Any students feel that examining is not important, boring along with can't see colorful photos on there. Yeah, it is to become complicated. Book is very important for yourself. As we know that on this period of time, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore this A New Concept of the Universe can make you experience more interested to read.
