The Cambridge Companion to Bach (Cambridge Companions to Music)

The Cambridge Companion to Bach goes beyond a basic life-and-works study to provide a late-twentieth-century perspective on J. S. Bach the man and composer. Benefiting from the insights and research of some of the most distinguished Bach scholars, this Companion covers cultural, social and religious contexts, surveys and analyzes Bach's compositional style, traces his influence, and considers the performance and reception of his music through the succeeding generations.
