## Christianity and the Disciplines: The Transformation of the University (Religion and the University)

This volume will show how various intellectual disciplines (most found within the modern university) can learn from theology and philosophy in primarily methodological and substantive terms. It will explore the possible ways in which current presuppositions and practices of the discipline might be challenged. It will also indicate the possibilities of both a "Christian Culture" in relation to that discipline or the way in which that discipline might look within a real or theoretical Christian university.
