Amirsys is pleased to announce the publication of **Specialty Imaging: Gastrointestinal Oncology**, our only book focused entirely on gastrointestinal cancers. Dr. Akram Shabaan and team have skillfully assembled over 1,000 high-quality images that show the various tumor stages for cancers of the small intestine, esophagus, appendix, colon, stomach, gall bladder, pancreas, and more. These images and over 320 pages of easy-to-read bulleted text masterfully guide the clinician and researcher through a sophisticated discussion of a variety of imaging appearances, stages, and treatment options. The book includes the hot-off-the-press Seventh Edition AJCC cancer staging tables, which provide the definitions for TNM and AJCC prognostic groups for all gastrointestinal cancers. This handy reference is perfect for radiologists, oncologists, and other medical professionals who demand accuracy.
