The Moment Keeper Buffy Andrews

Our lives are often connected in ways we never would have imagined...

Two babies; two very different upbringings.

First there is Sarah: raised by her loving grandmother, but neglected by her own father who views her as the instrument of her mother's death. She will lead a hard life, searching to belong and to be loved.

Then there is Olivia, surrounded by love, nurtured and adored by her parents, a golden child with a golden future.

When Sarah's life is cut tragically short and she is assigned to record the moments of Olivia's life as her Moment Keeper, their lives become intertwined.

Sarah is able to overcome the heartbreak of her own lost years and Olivia is able to deal with a future that isn't nearly as golden as what she had planned – or is it?
