## **Anatomy And Physiology for Nurses** Inderbir Singh

Anatomy Physiology are core components of the nursing curriculum. All nursing students must have a basic understanding of the make up of the human body. Therefore it is essential that they can study from a textbook which is well written, clear, concise and easy to use. With this book Dr Singh explains and illustrates everything that a student nurse needs to know, as well as providing an introduction to common diseases that affect different organs of the body. The appendices to the book also provide an aid to further learning, in the form of atlases of important parts of the body. The text is accompanied by over 450 illustrations to facilitate and enhance understanding.
