Kaplan's, 5-Steps, Crash Course and the others are great resources for reviewing in the last month before the exam, but Tamm's Textbook Tools workbooks accompany students all year long. This AP U.S. History companion is filled with vocab and assignments that follow the Brinkley book for all 32 chapters. They can be used as regular weekly assignments or reviews. They can be used on short notice if there is a sub, or be done as regular homework. All you need is the textbook. Teachers can copy at will, or the book can be used as a student consumable. When publishers started putting their content online, it opened a niche for traditional school assignments, a void filled by this series. Additionally, whether the textbook itself is written in ink or electrons, many students still like to write and keep notes for themselves, and portfolios still matter. These activities challenge students to apply the concepts, give examples, and diagram each chapter. Facebook or email (hudsonfla@gmail.com) for bulk pricing on class sets.
