From reality and trash-talk TV shows to sensationalized "black" relationship books, blacks are bombarded with a daily barrage of negative (and false) information about black-on-black love. On the heels of all this "black love is bad" news comes the mainstream media's manufactured cure for black relationship woes: interracial relationships with whites. What is the real agenda behind the promotion of interracial relationships -- and why are black males and females the main targets? "The Interracial Con Game" will provide some interesting and controversial answers -- and some long overdue food for thought. This politically-incorrect book reveals how interracial sex is used as a weapon of mass mind and body destruction and what black males and females must do to ensure our genetic, economic, and psychological survival.
