*The Official MCC History of the Ashes* is the perfect way to celebrate cricket's most fiercely contested series. From the late 19th century, England and Australia have met twice every four years and, since 1882, the prize for the series winners has been a tiny urn, purportedly containing the ashes of a bail burned after England had lost at The Oval. As well as a running history of the series, special features are interspersed, highlighting some of the legends from each team, the controversies, and the media. This updated fourth edition includes a feature on Australia's whitewash of England on home soil in 2013-14.
