"Do I have a large frog in my hair? Something's crawling out of my scalp." - Joaquin Phoenix –  
"Chemistry is a class you take in high school or college, where you figure out two plus two is 10 or something." - Dennis Rodman -

ZIP YOUR LIP! - You have opened your mouth a few times and the most embarrassing string of words tumbled out and I have done the same. Immediately we wish we could hook a line on the nouns and adjectives and reel them back in for further editing. Lucky for us we're not the famous, the celebrities, the noteworthy crowd that seem to have every belch, hiccup, gasp and word recorded for posterity. Long after their fame has faded and even long after their lives have ended their clumsy utterances will live on circulating from ear to ear and making people roll their eyes, titter, tee-hee, and shake their heads.

"I feel my best when I am happy." - Winona Ryder –

"I don't think there's been anyone like me that's lasted. And I'm going to keep on lasting." - Paris Hilton -  
Some folk's celebrity status goes a step or two or a mile too far with their quotable gaffs because they are not blunders and not errors but ridiculous all the same. Some or many more than some celebs are very interested in sharing their "intellectual" observations with the world. Unfortunately a ton of them are simply not up to the task while they want to be considered profound too many are about as deep a drop of water.

"Surfing should be called "foam-choking" or "sea stabbing." – Russell Brand –

"I get to go to lots of overseas places, like Canada." – Britney Spears -

Have you ever wondered why we rarely if ever see some movie stars on the late night television talk show circuit? The reason is their managers and agents are smart enough to know their clients are not nearly bright enough to carry on a conversation for more than a few seconds without succumbing to verbal diarrhea and fouling the air with more idiotic crap that they truly believe. And without scripts or Teleprompters they are at a loss for intelligent sentences. Yet we listen to them and buy the toothpaste they are selling on TV commercials. We rush to watch their movies and foolishly we take them seriously when they comb their hair, zip their pants and stand in front of a microphone to espouse all the wisdom they possess.

"Yo Taylor, I'm really happy for you, I'll let you finish, but Beyoncé has one of the best videos of all time. One of the best videos of all time!" (Interrupting Taylor Swift before a television audience of millions at an awards show) - Kanye West

"There are, I think, three countries left in the world where I can go, and I'm not as well known as I am here. I'm a pretty big star, folks - I don't have to tell you. Superstar, I guess you could say." - Bruce Willis –

I know you will enjoy ZIP YOUR LIP! - because I laughed all the while I was putting this book together. Almost all of these quotes are laugh worthy or cringe worthy and the rest are simply strange.

"I've been fortunate - I haven't had too many auditions. I slept with the right people." - Pamela Anderson –

"I'm so naive about finances. Once when my mother mentioned an amount, and I realized that I didn't understand, she had to explain: 'That's like three Mercedes.' Then I understood." - Brooke Shields
